

The Colliers logo is located in the top left corner. It consists of the word "Colliers" in a white serif font, set against a dark blue rectangular background. Below the text are three horizontal stripes in yellow, red, and blue.

Colliers

CAPABILITY STATEMENT

Valuation & Advisory Services

AUSTRALIA

Colliers

Colliers (NASDAQ, TSX: CIGI) is a leading diversified professional services and investment management company. With operations in 70 countries, our more than 28,000+ enterprising professionals work collaboratively to provide expert advice to maximise the value of property for real estate occupiers, owners and investors. For more than 30 years, our experienced leadership, owning approximately 40% of our equity, has delivered compound annual investment returns of almost 20% for shareholders.

We're Industry Leaders

We provide owners, investors, financiers and all levels of government with specialist property investment advice, research and analysis reflecting real time market conditions giving our clients the ability to navigate every market.

Colliers' Valuation & Advisory Services team delivers specialist property investment advice, property research and market analysis to maximise the potential of property. For the purposes of acquisition or disposal, capital raising, first mortgage security and insurance to statutory and litigation matters, we can deliver on every one of your real estate needs.

Our depth of experience over many decades and across market cycles and severe global shocks, combined with an intricate understanding of the drivers of value allows us to take a clear, decisive and consistent position.

From a single commercial building to a portfolio of properties across the world, we utilise industry-leading, quality assured systems and processes to ensure you receive the most accurate, informed and knowledgeable service possible.

We invest in relationships to deliver enduring value. We are a long term partner, looking beyond immediate needs to build and grow our clients' businesses.

Our mission is to be the number one provider of choice for Valuation & Advisory Services across all property sectors and your genuine trusted advisor.

Our Strategy

By embracing best practice, teamwork, quality assured systems and processes, we ensure our clients receive the most accurate, informed, results-focussed service possible.

We focus on allocating the most appropriate, skilled resources on each valuation and advisory assignment.

Clients benefit from our teams experience, capability and enthusiasm. With a team of over 50 specialists across all property sectors in Australia we are well suited to tasks requiring a multi disciplinary focus which is epitomised by our Valuation & Advisory Services business.

Our strength is our national services platform which combines technology, market knowledge and resources to deliver superior solutions.

We continue to ensure that technological advances are incorporated especially with respect to current adopted software models, report templates and client, property and transaction databases.

Our commitment to technology is best demonstrated through the development of an industry-leading financial modelling tool. This proprietary platform enables our team to work in real-time which ensures the provision of accurate, timely and consistent advice.

“

I worked with CIVAS managing a National Valuation Program for a Commonwealth Entity over a two-year period. During this time CIVAS provided sound advice not only in terms of individual Property Valuations, however also in providing advice as to how to improve the delivery of the Program for future years.

The Valuation Report template adopted for the Program was tailored to meet client expectations, which assisted greatly in referring to the previous Valuations completed by CIVAS to indicate movements from the previous year.”

Joseph Ripepi

Account Manager Whole of Australian Government Property | Broadspectrum

We are **Enterprising**

Our service offering spans from traditional valuation requirements to detailed and bespoke DCF simulations and associated scenario analysis. We provide forensic analysis of the key value driver components encapsulated within occupier and capital market segments.

- Government property
- Extractive industries & waste management
- Plant and machinery
- Universities
- Schools
- Childcare centres
- Service stations
- Self-storage
- Student accommodation
- Car parks
- Data Centres

Quality Assurance

Quality Assurance has been a cornerstone of our Valuation & Advisory business for more than 25 years. Our current approach to Risk Management & Valuation Standards is designed to not only ensure that our existing procedures result in the best and highest quality service and advice to our clients, but also as a basis to initiate improvement in our service approach. Our approach is industry leading with Colliers Assure.

Colliers
Assure

Colliers Assure is Colliers' unique risk management and quality assurance methodology. With Colliers Assure all valuations and advice undergo a comprehensive, multi-stage, peer-review process.

Certified professionals critique every stage, from

initial contract agreement through to service delivery. We develop a detailed understanding of our clients' requirements, identify and consider any potential risk and review industry intelligence, before formalising instructions.

All calculations and advice are reviewed and verified, external sources are referenced and all risk issues are resolved before the valuation / advice is released.

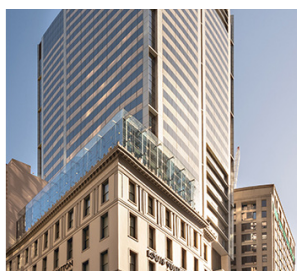

Colliers Assure is embedded in our quality management system which is externally audited by the Royal Institution of Chartered Surveyors (RICS) and SAI Global. Our quality management system continues to be awarded the globally recognised 5 ticks StandardsMark.
